Comments: I OPPOSE the proposed Post-Disturbance Hazardous Tree Management Project #60950. Please preserve and protect this habitat, this wilderness, by leaving it untouched. Thank You!

I agree with and repeat the points of Wilderness Watch:

- * I oppose using chainsaws to clear trails in Wilderness.

- * Dead and dying trees should be left alone in Wilderness.

- * The Forest Service should use crosscut saws, not chainsaws, to clear trails of only the fallen trees that must be removed.

- * Wilderness visitors should be allowed to experience nature on its own terms, including any risks that entails.

- * The Forest Service needs to exclude all Wilderness areas from this project, including any encroachment from activity on wilderness boundaries.
