Comments: Dear Forest Service,

I live in Humboldt County and several places you plan to log are very near and dear to me and my family such as the Marble Mountains, Trinity Alps, Yolla Bolly Middle Eel. I cannot imagine going backpacking and confronting logging or its aftermath in these Wilderness areas! I know a lot of people in my community who make those places their "go-to" Wilderness experience where we can show our children the Natural World. I know trails must be cleared but please use cross-cut saws. But the rest of the trees don't need your intervention. These are not "managed" forest areas, they are Wilderness areas.

Thank You,

Bonnie
