Comments: To whom it may concern,

Thank you for the opportunity to provide input on the Grand Mesa, Uncompahgre and Gunnison Forest Plan Revision.

I would like to express my support for the WMA "Alternative B" plan. I feel that this plan is the optimal compromise between wildlife, wildlife habitat, and recreation.

As a hunter and angler I am in strong support of putting wildlife and the necessary habitat as the highest priority. There is of course a need to include consideration for general, non-hunting or fishing recreation, but it should not be done at the expense of wildlife. Alternative B gives the least amount of opportunity for the recreating public to disturb the natural pattern of native wildlife.

Please keep wildlife and its habitat top of mind when coming to a decision regarding the future of GMUG.

Sincerely,

Noel Worden
