Title:

Comments: -I would like to see Log mountain trail #92 be designated as a 2 wheel motorized trail.

-I would like to see trails 069, 074, 070, change from non motorized to 2 wheel motorized.

-As a 2 wheeled trail rider, I would like to see the forest service consider ATV/UTV riding opportunities that would keep these users from poaching the trail system and creating dangerous situations on roadways.

As we see more and more people moving to the area, there is going to be more demand for these resources.

Allowing 2 wheel motorized access to trails helps relieve some of the maintenance issues the forest service can't keep up with and provides easier access for the mountain bike and foot traffic user groups as well.

Thank you for your efforts.
