Hello,

I am writing to comment on the Shoshone Travel Management Planning Project. I believe the voluntary closure at the Pinnacles/Deception Peak Nordic ski area should be maintained, rather than instating a permanent closure. The voluntary closure has reduced conflict and seems effective. I support the proposed season of use dates for OSVs of Nov. 1st through June 15th. Additionally, I would love to see the construction of new motorized trails that would provide increased access to our public lands. The creation of multi-use single track trails would benefit everyone.

Thanks,

Joshua Otis
