On behalf of the Northwest Wyoming OHV I as Chairman we are against the "64" trails proposal up at Sunlight-Sulphur Creek. This would effect about 25% of our ATV's of about 50 ATV's and about 140 members. The trails have been this way for years. I don't see what it is hurting. Why change it? This would mean no pickups either. What would it hurt to leave as is?

What about the private land owner that drive their trucks into their property. OHV makes one or two a year up there.

So I'm asking you to reconsider your proposal on the "64" trails at Sunlight and leave everything Status Quo.

Thanks for your consideration,

Ron Hancock - Chairman NWWYOHV
