Cody, WY 82414

Dear Mark and Team connected with the Travel Management Plan,

I would like to commend you and the travel management team for the Alternate 4 plan. I support Alternate 4 since, in my opinion, there was not a large choice on the north end to work with, specifically summer travel. I'm only referring to the north end since I'm not familiar with the south end.

I would like to add that, according to the maps on some of the motorized, it is limited to 64&quot;. Many S X S's now go up to 72&quot;. I am considering a new S X S that is 68&quot; for riding comfort. I will wait to see the outcome from the new comments.

Sincerely,

Spencer Woods
