Comments: Greetings, I am writing to share my support of the GPLI proposal.

I ask that the GPLI Proposal be reflected to the greatest extent possible in the revised GMUG Forest Plan.

This is a revised Forest Plan that includes the broadly-supported Special Management Area and Wilderness recommendations developed by the GPLI that will best serve the communities in Gunnison County and the public at large.

GPLI has a collaborative group, which has been making this proposal for over 10 years. This type of collaboration, cross-sector involvement, is critical to public land management and I fully trust this initiative and request that it be adopted as is.

Thank you,
