First name: Tom

Last name: Dillon

Organization:

Title:

Comments: I support option c. I ride and help maintain and clear trails in this area year around. I and fellow riders probably clear 250 trees off the trails each year. I ask that you keep all current trails open as they are now and look at adding additional trails to the area. Our club the Tomichi Trailriders have organized work parties with the Ginnison FS every year to help maintain the trails. Please keep trails as they are and improve. Thank You.
