Comments: Thank you for allowing me the opportunity to comment on the GMUG forest plan. Buy on property and recreate in Colorado. I enjoy using the forest for a variety of activities including hiking, biking, and riding motorcycles. While there is a plethora of options for hiking, there is limited availability for single track type motorcycle loops. I would say that alternative C would be the best option and this is what I am supporting. Please feel free to reach out to me with any concerns or questions.
