Comments: My name is Mark Alling and I have lived in Crested Butte my whole life. I am an avid outdoorsman and have been a first hand witness to the explosive growth in the number of backcountry travelers. Because of this massive influx of people I am in OPPOSITION TO OPTION D. Limiting the areas of motorized recreation will concentrate the increased amount of people into fewer spots, creating more congestion at trailheads and increasing the hazards created when separate groups travel near each other (ie. triggering avalanches onto others).
