First name: Karen

Last name: Fienberg

Organization:

Title:

Comments: I am a small business owner in Gunnison County CO. My family and I are active users of our public lands. I hike, mountain bike and nordic ski and support the organizations that promote and provide stewardship of these lands.

As a member and supporter of the Crested Butte Mountain Bike Association, I am aware of the many challenges facing us with increased population pressure, trail use and abuse and the influx of non-authorized users.

I fully agree with the comments that have been carefully researched and presented by CBMBA regarding the draft plan. They work countless hours and have established lasting relationships to bring various entities together for the benefit of all. Please consider these comments in your final plan.

Thanks.
