First name: Dave

Last name: Whittlesey

Organization: North Fork Water Conservancy District

Title: Vice Chair

Comments: Insofar as there is continued and increasing demand for domestic, municipal, and irrigation water in our area of the GMUG we at the North Fork Water Conservancy District request that any changes to the GMUG would continue to allow for the domestic water companies, Municipalities, and irrigation companies to allow for continued access to all structures and infrastructure using all methods necessary. GMUG should also allow for expansion by the previous mentioned entities as needed in the future.
