Comments: I am a resident of Trout Lake. I choose to live here because of the proximity to Sheep Mountain, Lizard Head Pass, and other Forest Service lands and non-motorized trails in the San Juan area, and the beauty, quiet, and night time darkness they provide. Climate change, motorized recreation (including ebikes), and resource demands threaten the forests, wildlife, and quiet recreation opportunities in the region. Please strongly consider the Community Conservation Proposal in conjunction with Alternative D. Thank you.
