Comments: Hello, I feel strongly about protecting our water. Below is a letter from Colorado Water coalition which reflects my feelings towards our water ways in Colorado. Our rivers are some of the most important assets on the Grand Mesa Uncompahgre and Gunnison National Forest. All free-flowing rivers with outstandingly remarkable values must be found as eligible for wild and scenic protections. In particular, I support Wild & Scenic eligibility for all the river, creek, and stream segments described at https://ourcowaters.org/gmug/ These waters are critical climate change refuges that we must protect in the face of a hotter, drier future, and they are also vital scientific research areas. Thank you for your consideration. Alan Bernholtz Crested Butte
