Comments: We have already squandered our rare life giving Colorado River by draining it for extraction and exploitation. Will this really end with a new designation as Wild and Scenic?? Our rivers are some of the most important assets on the Grand Mesa Uncompahgre and Gunnison National Forest. All free-flowing rivers with outstandingly remarkable values must be found as eligible for wild and scenic protections. In particular, I support Wild & Scenic eligibility for all the river, creek, and stream segments described at <https://ourcowaters.org/gmug/> These waters feature unique, outstanding, and popular outdoor recreation opportunities that are critical to our Colorado way of life. Thank you for your consideration.
