Comments: This is a crucial time to support our waters in Colorado. What we do now will determine access in the future. Now is our chance to protect it! Our rivers are some of the most important assets on the Grand Mesa Uncompahgre and Gunnison National Forest. All free-flowing rivers with outstandingly remarkable values must be found as eligible for wild and scenic protections. In particular, I strongly support Wild & Scenic eligibility for all the river, creek, and stream segments described at <https://ourcowaters.org/gmug/> These waters feature gorgeous scenery and without a doubt qualify as unique cultural and historic resources. Thank you for your consideration.
