Comments: Our rivers especially the Colorado and the Gunnison are some of the most important assets on the Grand Mesa Uncompahgre and Gunnison National Forest. All free-flowing rivers with outstandingly remarkable values must be found as eligible for wild and scenic protections. In particular, I support Wild & Scenic eligibility for all the river, creek, and stream segments described at <https://ourcowaters.org/gmug/>. These waters feature unique, outstanding, and popular outdoor recreation opportunities that are critical to our Colorado way of life. Our waters whether lakes or rivers bring a lot of tourists which helps bring revenue to business in our area. Thank you for your consideration.
