Comments: Our rivers are some of the most important assets on the Grand Mesa Uncompahgre and Gunnison National Forest. All free-flowing rivers with outstandingly remarkable values must be found as eligible for wild and scenic protections. In particular, I support Wild & Scenic eligibility for all the river, creek, and stream segments described at <https://ourcowaters.org/gmug/>. These waters feature unique, outstanding, and popular outdoor recreation opportunities that are critical to our Colorado way of life. The Colorado River in particular has been so low from overuse by the Front Range, that I've been seeing it lower than I ever have in the 21 years I've been privileged to live by it. Thank you for your consideration. Sincerely, Lynn Goebel
