Comments: Our rivers are some of the most important assets on the Grand Mesa Uncompahgre and Gunnison National Forest. All free-flowing rivers with outstandingly remarkable values must be found as eligible for wild and scenic protections. In particular, I support Wild & Scenic eligibility for all the river, creek, and stream segments described at <https://ourcowaters.org/gmug/>. These waters feature gorgeous scenery and without a doubt qualify as unique cultural and historic resources. We need to take care of the water we have. The thing to remember is once the water is gone we can't get it back. Thank you for your consideration.
