Comments: As an artist who paints outside, standing along many of our local waterways, the Wild & Scenic eligibility for all the river, creek, and stream segments described at <https://ourcowaters.org/gmug/> is so important for me. I have seen such degradation of our waterways by human causes in the past years that is alarming to me. Our rivers are some of the most important assets on the Grand Mesa Uncompahgre and Gunnison National Forest. All free-flowing rivers with outstandingly remarkable values must be found as eligible for wild and scenic protections. It's absolutely critical for this plan to protect the outdoor recreation opportunities our waters sustain here in Colorado. Nothing less than our economy and our way of life is at stake. In particular, I support Wild & Scenic eligibility for all the river, creek, and stream segments described at <https://ourcowaters.org/gmug/>. These waters feature unique, outstanding, and popular outdoor recreation opportunities that are critical to our Colorado way of life. Thank you for your consideration. Please take positive action to get these waters protected!
