Comments: Our rivers are some of the most important assets on the Grand Mesa Uncompahgre and Gunnison National Forest. All free-flowing rivers with outstandingly remarkable values must be found as eligible for wild and scenic protections. In particular, I support Wild & Scenic eligibility for all the river, creek, and stream segments described at <https://ourcowaters.org/gmug/>. These waters feature unique, outstanding, and popular outdoor recreation opportunities that are critical to our Colorado way of life. I am a Western Colorado native, enjoying living and working on the Western Slope for 78 years. I would like for all generations to be able to enjoy all the things here that I was and still am able to enjoy. Please help keep our free flowing rivers and creeks free flowing. Thank you for your consideration.
