Comments: Our rivers are some of the most important assets on the Grand Mesa Uncompahgre and Gunnison National Forest. All free-flowing rivers with outstandingly remarkable values must be found as eligible for wild and scenic protections. In particular, I support Wild & Scenic eligibility for all the river, creek, and stream segments described at <https://ourcowaters.org/gmug/> These waters are critical climate change refuges that we must protect in the face of a hotter, drier future, and they are also vital scientific research areas. Please give a voice to our beautiful state's rivers and lakes. Prevent moneyed interests from damaging these assets. Thank you for your consideration.
