Title:

Comments: Our rivers are some of the most important assets on the Grand Mesa Uncompahgre and Gunnison National Forest. All free-flowing rivers with outstandingly remarkable values must be found as eligible for wild and scenic protections. In particular, I support Wild & Digital Scenic eligibility for all the river, creek, and stream segments described at https://ourcowaters.org/gmug/ These waters provide rare habitat for many important species. Thank you for your consideration.
