Comments: Our rivers are some of the most important assets on the Grand Mesa Uncompahgre and Gunnison National Forest. All free-flowing rivers with outstandingly remarkable values must be found as eligible for wild and scenic protections. In particular, I support Wild & Scenic eligibility for all the river, creek, and stream segments described at <https://ourcowaters.org/gmug/>. These waters feature gorgeous scenery and without a doubt qualify as unique cultural and historic resources. I urge you to protect our future on the Western Slope by protecting our rivers and water supply. Thank you for your consideration. Francesca McMillen
