Comments: Because our rivers are some of the most important assets on the Grand Mesa Uncompahgre and Gunnison National Forest, Colorado's free-flowing rivers must be found as eligible for wild and scenic protections. I support Wild & Scenic eligibility for all the river, creek, and stream segments described at <https://ourcowaters.org/gmug/> These waters feature unique, outstanding, and popular outdoor recreation opportunities that are critical to our Colorado way of life. Thank you for your consideration.
