Comments: Because our rivers are some of the most important assets on the Grand Mesa Uncompahgre and Gunnison National Forest, Colorado'sl free-flowing rivers must be found as eligible for wild and scenic protections. I support Wild & amp; Scenic eligibility for all the river, creek, and stream segments described at https://ourcowaters.org/gmug/ These waters feature unique, outstanding, and popular outdoor recreation opportunities that are critical to our Colorado way of life. Thank you for your consideration.
