Comments: Our rivers are some of the most important assets on the Grand Mesa Uncompahgre and Gunnison National Forest. All free-flowing rivers with outstandingly remarkable values must be found as eligible for wild and scenic protections. In particular, I support Wild & Scenic eligibility for all the river, creek, and stream segments described at <https://ourcowaters.org/gmug/>. These waters feature gorgeous scenery and without a doubt qualify as unique cultural and historic resources. Thank you for your consideration. I am a lifelong citizen of Grand Junction. I have served as President of the Colorado Wildlife Federation, School District 51 Board President, having lived my life here I would hope you would consider protection not only of our water resources from degradation, and work to keep the quality of life we have enjoyed. water is essential in the Grand Valley, seeing it in decline is a concern that must be addressed. Thank You
