Comments: It would be nice, since some of this is on Government land that uphill skiing be allowed on the Moose addition before the lifts open. Maybe even design in an uphill skiing route that would allow uphill all day. More and more people are interested in forgoing the cost of lift tickets and just getting the work in for a few turns. Racing skimo, is becoming more common around the world, and it would be nice to have a local place that has taken that into consideration. Thanks for listening.
