Comments: I am a lifelong resident of Minnesota, I have traveled the country widely, and recognize that Minnesota has amazing, varied, and wild landscapes to explore. The terrain and forests of Moose Mountain set it apart, and it should be kept in the public domain.

We need to protect this unique landscape, with its magnificent white cedars and sugar maples, for silent outdoor recreation. Opportunities for freely back country skiing, trail running, bird watching, cross country skiing, hiking, wildlife and nature photography, snowshoeing, etc, at Moose Mountain need to be preserved.

Please do not approve the SUP for Lutsen Mountain Resort's expansion. Leave the terrain and our public lands open to all who seek them.
