First name: Rachel

Last name: Lipson

Organization:

Title:

Comments: To Whom it may concern,

this project ignores the rights of the Ojibwe and would destroy countless maple trees and old-growth cedar. "the 1854 Treaty was not a grant of rights to the Ojibwe, it was a grant of rights from the Ojibwe to non-Indians, while reserving usufructuary rights." Respect the treaties and the people over capital hungry developers.

Thank you,

Rachel
