Comments: I am a property owner on Ski Hill Road and I have worked in the tourism industry since moving here 7 years ago. I am also an advocate for the multi use of public lands. I want to voice my support for the expansion of Lutsen Mountains as I believe the ski hill is vital in our efforts to support sustainable, year round tourism to the area. Based on my reading, I believe the thoughtful, incremental expansion that is planned will be much more beneficial to the area than harmful.
