To whom it may concern,

I am not a skier, nor do I visit the Lutsen area often. I am a Minnesota resident and do enjoy all outdoor activities.

I feel that this expansion would be a win/win for all. This would offer additional outdoor oppourtunities for all people regardless of age, physical condition or skill level. This would also provide the local area a needed economic boost and create additional local and state tax dollars.

I understand the concern with preserving our wild areas, we do this well by protecting our nearby 1 million+ acres of BWCA land.

Let's allow this expansion to go forward and thank the business owners/investors for taking the risk and putting in the hard work to see this project to fruition.
