As our public lands are becoming more and more less available, I really hope that his proposed expansion does not go thru. This is PUBLIC land and that should not be bought out so a PRIVATE business and reap the rewards off of everyone's land. I am a snowboard instructor and visit Lusten every year. By far the best place to ski or snowboard in the winter!

Once this land gets in the hands of a private company it will never the PUBLIC will never get that land back. If Lusten goes belly up in the future this land will be sold off to other PRIVATE companies or people which they will develop on and do what they want. Please do not sell this land to a private company this is everyones land and it should stay that way!
