As a lifelong resident of MN, and past avid skier, I oppose the Lutsen Mountains Ski Resort Expansion project.

The proposed build area infringes on a unique national and state natural treasure. NO development should be permitted here as it threatens species and natural habitats. In fact, there should be no development permitting within 400 feet of the natural reserve area. The impact would be catastrophic. Besides, the resort isn't anywhere near capacity use.

Thank you, Kathy Klehr
