Please allow a special-use permit (SUP) from the U.S. Forest Service, as requested by Lutsen Mountains Corporation. I feel that if granted, with forest service oversight, the SUP (up to) for the 495 acres would definitely enhance the safety of skiers by creating more varied separated terrain/ skiing for all users of the forest area. This has already been successfully accomplished by western states with the approval of the majority of the public.

Thank you,  
Steve Piper-Maurer
