Dear Investors,

Re; "Quetico-Superior Wilderness Area Development Plan."

Should this "inspired plan" go through think about how much better the skiing will be. But, let us not discriminate... and forget about snowmobilers and how do you think the off-road-ATV enthusiasts will feel? What about biking and hiking trails? We might also need some parking lots and bathroom facilities. Not to far down the road a need for overnight accommodations and lodging will have to be considered as well as playground facilities for the children. Summer camps for the teens and outward bound programs would fit in well with this "grand scheme." To complete the plan, we will certainly need gas stations and somewhere to buy confections, beer and liquor and coffee.

Just think of the economic opportunities, it is almost overwhelming!

Signed,

"Sigogglin Sam"

P.S. If you really need a genuine wilderness experience,
just drive north a couple hours into Canada!
