Comments: Lutsen Expansion plan comment

Regarding the Lutsen expansion plan I would like to see some of the proposed land be set aside for backcountry skiing. It would be ideal if this were lift accessible, but if not feasible some of it should be kept for uphill travel via skinning. There are a number of places out west where this is possible. It would be nice if the Midwest had some set aside as well. I'm not opposed to Lutsen expanding , but either do not allow the entire expansion or dictate to Lutsen that some of the expansion be set aside for backcountry skiers.

Thanks for allowing me to comment
