Re: Public comment on the expansion of Lutsen Mountains by Special Use Permit

I am vehemently opposed to the private company, Lutsen Mountains, being granted this permit.

No, no, no, no.

There are many reasons: they have been given enough handouts from the county and state. They are not required to divulge their financial status of need, and will not do this. That is precious land that belongs to all of us, and should not be handed over to a private commercial group who is notoriously greedy. This is a well worn, wide spread belief in Cook County.

That land is precious and full of important bio-diversity.

That land is part of the 1854 Treaty lands. The Grand Portage Band is opposed, and rightly so. It is time to respect treaty rights in the USA.

Lutsen Mountains Group should not be allowed to exploit this important natural resource for it's private financial gain.

Sincerely,

Lisa Fuller
