I am in support of the expansion plan proposed by Lutsen Mountains, on BOTH sides of Moose Mountain (full plan)

- Agree additional skiable terrain is needed to make Lutsen a more complete ski destination.
- More expert terrain would be welcome, without the long wraparound return to the high speed lift

- It's vitally important to preserve and enjoy forested lands
- Ski resorts require more development than hiking, but....
- Skiing is a unique way to enjoy that preserved land and wildlife
- Only north shore ski resort, comprising a relatively small area of the north shore
