Comments: "Lutsen Mountains Ski Area Expansion Project" i

Please do not approve of the expansion of the Lutsen Mountains Ski Area Expansion Project. I am worried about the the impact on the extra activity will have on the wildlife. The expansion would more than double the "comfortable carrying capacity" of Lutsen Mountains, from 2,850 visitors currently to 6,300 in the future. It would mean creating more than 1,200 new parking spaces and about five miles of new roads. The Superior National Forest will be adversely effected by all the new activity. Please do not approve this project.

Thank you
