Comments: I would like to comment in favor of the proposed construction of the PLT East side. It will allow us to continue to grow multi-use, non-motorized opportunities in and around the growing mCcall area. The proposed plan will reduce impacts on the forest by taking advantage of already existing infrastructure. Finally, the moving forward on this plan will make us much closer to the overall plan of having a single track loop around the lake, which will be safer for bikers and hikers.
