Comments: I fully support the Redstone to McClure Pass trail. I live in the area and am an avid road, gravel, and mountain bike and support additional opportunities to explore the Crystal River Valley. Safety is the main reason I do not currently cycle there often. I would be likely to support local businesses in Redstone and Marble more often when using this trail. I also care deeply about environmental and habitat preservation and agree that this trail will have minimal impacts on such and is located in a sensible location. Any construction aspect of the trail that would make it enjoyable to both mountain bikers and gravel bikers would be greatly appreciated as well.
