Comments: I am concerned about the plan to close the 4635-146 spur - This would remove access to the west end of the Rimrock trail. The official maps have shown the Rimrock trail in the wrong place for years - it does not start at the end of the 4635-140 spur, it starts along the 4635-146 spur. It has an official trailhead marker on the 146 spur.

You can see the correct alignment of the trail on this map:
