Comments: I'm Writing today to speak up in support of alternative D. I've spent many years enjoying responsible recreation via motorized travel on our public lands, and it's meant a great deal to my family to be able to enjoy this resource. Over the years I've seen a large increase in the popularity of people enjoying the land in this way, and I think it's of the utmost importance to not only keep what land we have currently open, but to make even more available for our future generations to be able to enjoy in the same way I have.

Thank you for you consideration.
