Title:

Comments: I am writing in support of the proposed trail and support the plan for prohibiting e-bikes. I would like to understand what multi-use modes of travel would be approved here. Given the directional nature of the trail section off of McClure pass, I would like to see the trail designated as a directional trail to avoid user conflicts. And for the love of God, please choose a trail builder other than the organization who built the coal creek trail system in Redstone and Grandstaff trail in Glenwood Springs. These builders build horrible trails which ultimately are a huge waste of resources because no one will want to ride them.
