Comments: I am in support of establishing a trail between Redstone and McClure Pass. The proposed trail would vastly expand potential ride-able areas from the Roaring Fork valley. This increased traffic would benefit the economies of Redstone and Marble, with increased tourism and traffic. Additionally, the proposed trail would allow for the possibility of a Carbondale to Crested Butte bike route with minimal time on roads (South Thompson divide to coal basin, to Redstone, to the Raggeds trail, over Kebler pass). The trail would also, help protect wildlife corridors by enforcing closers during winter months and help concentrate humans to one specific corridor.
