Comments: To Whom it may concern -

I am writing to oppose the inequitable Willow Creek Land Exchange #61576. The Mary Jane parcel is a highly valuable USFS asset that should be protected as public land to be enjoyed by the residents and visitors of Grand County. As a resident of Grand County I feel one of the greatest local assets is the Arapaho National Forest. As private lands continue to be developed, preserving our public lands and forest becomes more important for the local wildlife and for public enjoyment and recreation. Please do not exchange this beautiful public wooded forest habitat to a private developer who will pave paradise and put up a parking lot (or most likely more condos for investors to purchase). Thank you for your consideration, M. Suzy Robbins
