Title:

Comments: Hi There,

Ive lived in Crested Butte for almost 20 years and have been floored by CBMBA's commitment and vision. They have the utmost respect for local ranchers, forest service lands and private land as well. The amount of care they put into this area is staggering. With the creation of the conversation core, that care and outreach has stepped up 100 fold. They are an essential component to the health and longevity of the land surrounding Crested Butte. I 100% support their North Valley Trails Plan.

Thanks

Raynor
