Title: President

Comments: I enthusiastically support the Creek Fire Restoration Project. While I am in favor of all of the projects listed, as President of the Sierra Vista Scenic Byway Association, I am especially concerned with access to and use of the Byway and surrounding Bass Lake Ranger District assets. We encourage removal of hazard trees, reforestation, restoration of recreational areas, including camp grounds, roads, trails. We are currently working with the USFS Sierra National Forest personnel to reinterpret the Byway in light of the changes due to the French and Creek Fires. Thank you.
